Gentlemen.

I was sick when your letter came, and therefore unable to reply.

I do not know what I could do with Roman coins, though, as this is a great place for summer visitors, and the people most interested in such things always call on me, I might, could I retain the invoice through July and August, dispose of quite a number for you. I would try to do this, which is something.

will you get me a gold dollar of 1888 and send it on either with the Romans, if you send them, or alone, if you do not?

Mrs. Collier sends much regard to your parents and sister, as does —

Yours truly

Chas. A. Collier

Gentlemen

Yours of Saturday at hand. I am sorry that you did not send the coins before, as last week and during the last week in July, I could have disposed of at least 48 dozen. They were for a particular object both times, and I directed them to call at a place in New York.

Our summer season lasts till Sept. 20. and you may send on an invoice of half cheap and half higher priced

coins, and I will do the best that I can for you.

Did you get me the U.S. gold dollar for 1888?

You may send a few nice Greek copper coins, and I will see how they take with my friends. I do not think that I could handle silver.

I wish you had sent the coins earlier, but will do what I can now.

Mrs. Collier and myself are sorry to hear that Mrs. Chapman is sick. We trust it is only a temporary sickness, and that she will be better soon. My old war hurt is bothering me a great deal now, but I hope the cool weather will help it. With regards to all from Mrs. Collier and myself,

Yours truly

Thos. S. Collier

New London Conn. August 21, 1888.

Gentlemen.

The note covering the 1888 gold dollar was misssent to Meriden, which delayed its reaching me, but it, and the package of coins have been received safely.

I have the 1849, D. mint, and 1856, S. mint, Gold Dollars, in duplicate. They cost me, at auction, $4.50/100 and commissions, but I will sell them at cost, $4.50/100, to be taken in coins from the Romans now in hand.

Can you tell me what years they coined Gold Dollars at Charlotte and Dahlonega? I have of S. mints 1849, 1851, 1852, 1854, 1857 & 1858: of C. mints. 1849. 1850, 1851, 1853; of S. mints. 1856, 1859, 1860: of O. mints. 1849, 2 varieties, 1851 1852, 1853, 1855; of pattern, 1836, 1852: four varieties of Bechler, seven Californias, and I forgot the 1857 C. mint. with, forty-seven dates and varieties of the Philadelphia mint, eighty in all. At fair set, is it not?

I am glad to know that Mrs. Chapman is better, and both Mr. Collier & myself send congratulations, as well as best wishes and remembrances to all.

Yours truly,

Thos. Collier

[Expresses sympathy regarding the Chapmans' mother's health.]

New London Conn.
August 28. 1888.

Gentlemen.

I enclose my list of Gold dollars. You will see that I am complete in Philadelphia issues, but lack 1850, 1853, 1855, 1856, 1859, 1860 Dahlonega mint; 1852, 1854, 1855, 1856, 1858 Charlotte mint; 1850 New Orleans mint, & 1854, 1857, 1858 & 1870 San Francisco mint. Sixteen in all.

I should also like such other California mints as I have none of, for I am trying to get up one hundred in my set.

Both Mrs. Collins and myself are much concerned

at what you state regarding Mrs. Chapman's health, and we hope that a more favorable turn may come, that you may have the pleasure of seeing her improve.

Give our kindest regards to her, and your father, and accept them in your own behalf.

Yours Truly
Thos. S. Collier.

P.S.

You do not say whether you wish the 1856 S mint, or not. I shall look for your catalogue of Mr. Haines' collection, though I yet it is wholly American, & I am not buying many of that class now. English and Roman's are my collection at present. T.S.C.
